HURRAY! Consultnetworx Turns a Triple-Play for a Mid-Sized Manufacturing Firm.

A growing manufacturing firm, with offices in NY and Florida, approached Consultnetworx to provide a full-time Health and Safety Director. The client also required two consultants: One, an HR Administrator and the other, a Trainer. In all three instances, we were able to provide exceptional candidates.

The Health and Safety Director position was vacant for 9 months before Consultnetworx arrived on the scene. The client had

interviewed dozens of people on their own.

In just a few days, we were able to present two exceptional candidates for consideration. The client thought both matched the necessary criteria but one candidate stood out because of his fit with the corporate culture. He was hired.

The HR Administrator we sourced was brought in on a temporary basis. We provided a consultant who was so experienced, engaged and efficient that the client

converted her to a full-time employee, although that was not originally intended.

In addition, we provided a contract Trainer whose performance was so exceptional that he too was converted from consultant to a full-time employee. Since turning this triple-play, Consultnetworx has had an excellent business partnership with this client.
